## **Addendum Overview**

This addendum provides an analysis of the math education components of teacher preparation programs provided to prospective elementary, middle school and secondary teachers at the nine Texas A&M University System institutions and the following six specially selected institutions: University of Texas at El Paso, University of Texas – Pan American, Abilene Christian University, Howard Payne University, and Texas Tech University. This analysis encompasses the mathematical course requirements, field experiences, and student teaching. Outlines of each university’s course requirements and field experiences are included. The accuracy of the course requirements and field experiences is subject to the information gathered from current catalogs and web sites. Certification programs considered include secondary, 4-8, and EC-4 which prepare teachers to teach mathematics as a specialist or as a generalist.
